

AAll Reno-Sparks Investor Education Group Meeting

Date and Time: **Thursday, July 6, 2017, 7 to 9 p.m.**

Presentation Title and Synopsis:

Investing Solutions for Uncharted Times

Another shock for investors! -- the Reno-AAll meeting notice is coming to you *two weeks* in advance! These are indeed strange times. What do you think? Will major-nation war first break out in the Baltic/Middle East or in Asia? Lay your bets. Is the next mass terror attack at Disney-Japan or Disney-Orlando? Can a month go by without the S&P 500 setting another record high? Is the Chinese economy about to implode or does General Secretary Xi have his whole economy well in hand?

All these diplomatic matters are troubling markets. Add the Federal Reserve going where no central bank has gone before. Add bouts of tech stock decline suggesting Tech Wreck 2000 Redux. Add the Donald's tweety-bird system for resolving world tensions. Add the fracturing of long-standing international treaties. Add a world awash in debt, barely providing 1% economic growth. It's enough to have you doubting that iPhones are proof of the living god!

What's a worried investor to do? How's a worried investor to do it? Chug more Prozac? Sell everything for bitcoins? Why did Milton Friedman desert us when we needed him most? You may find answers to all these questions at the July AAll meeting! Or, if you aren't paying close attention, you may not. If you've got answers of your own, you will get time to share them. We never realize who the real prophets are when they are... only later. Maybe it's you. In any case, two hours is a small price to pay for the possibility of finding all this out.
