GENERATING MONTHLY INCOME WITH COVERED CALL WRITING

ALAN ELLMAN

Are you looking for monthly cash flow? Have bonds let you down? Learn how to invest by selling stock options. This presentation is an easy-to-understand approach to mastering covered call writing. This is a strategy that combines both stock (buying) and option (selling) investing. Alan will show you how to take control of your financial future by generating monthly cash flow. This seminar will take the mystery out of an investment approach that is IRS-approved for your self-directed IRA accounts.

- Stock selection using fundamental and technical analysis
- Option selection to maximize profits and minimize risk
