THE AAII HOUSTON CHAPTER PRESENTS ...

COVERED CALL WRITING TO GENERATE MONTHLY CASH FLOW

discussed by

ALAN ELLMAN, PH.D.

President, The Blue Collar Investor Corp.

In this presentation, Dr. Alan Ellman will lay out an easy-to-understand approach to mastering covered call writing. This is a strategy that combines both stock (buying) and option (selling) investing. It is geared to the average retail investor with the goal of taking control of your financial future by generating a monthly cash flow. This seminar will take the mystery out of an investment approach that the government deems so safe it allows you to use it in your self-directed IRA accounts.

ATTEND THIS MEETING AND LEARN:

- **How to use fundamental and technical analysis as well as common sense principles to select the greatest covered call stock candidates**
- **How to use the Ellman Calculator to make your stock and option selections**
- **How to use a series of exit strategies to mitigate losses and maximize gains**

ABOUT ALAN ELLMAN, PH.D.

Dr. Alan Ellman is president of The Blue Collar Investor Corp. and has authored three books on the topic of covered call writing. He is a frequent guest on financial programs like Jordan Kimmel's VoiceAmerica business radio program. Alan has presented live seminars for AAIH, The Learning Annex and The Money Show and has authored over 300 financial articles on his website as well as for Seeking Alpha.
